

Compass Psychology

COVID-19 Safety Precautions

Welcome to Compass Psychology! We are taking precautions to ensure client and clinician safety. Here is what you can expect when you visit the Compass Psychology office:

- ✓ Regular sanitizing of client spaces, including waiting room, washroom and meeting spaces.
- ✓ Hand sanitizer available for clients and clinicians.
- ✓ Non-medical face masks will be worn during in-person appointments when two meters for physical distancing is not possible.
- ✓ When possible, client appointments may be conducted online, using a secure platform, to decrease the number of in-person appointments required.
- ✓ When visiting the office, clients will be asked the following screening questions:
 - Have you travelled outside of Canada in the last 14 days?
 - Have you been in contact with someone in the last 14 days who has been diagnosed with COVID-19?
 - Do you have any symptoms, that are not related to a pre-existing illness or health condition, including cough, fever, shortness of breath, runny nose or sore throat?

If you are feeling unwell please contact us to reschedule your appointment or determine if an online meeting is possible.

Stay healthy and safe,

Krista Forand, M.Ed.
Registered Psychologist
